

A GLIMPSE AT PAUL KNOX

Middle School

With a growing population and continued goal to effectively meet and exceed the learning needs and desires of our students, Paul Knox Middle School is an exceptional learning facility for all middle level students! The faculty and staff embrace responsibility, duty, Patriot Pride, and extend a sincere welcome to the community we serve.

Paul Knox believes all students can and must learn and sustain high levels of achievement. We also believe academic success is most effectively achieved when students, parents, and teachers all make significant contributions in the education process.

Paul Knox has a strong desire to teach students to be responsible, become effective citizens, and lifelong users of information, resources, and technology. Our outstanding Science department and other subject area teachers in each grade level embrace the opportunity for one-to-one mobile learning each day.
