

# A GLIMPSE AT GLOVERVILLE

## Elementary School

Gloverville Elementary school was built over 50 years ago and has been serving many families for generations. With 14 classrooms and 324 students, Gloverville Elementary is among the smallest schools in Aiken County with a reputation of having a close knit, family style environment. Our mission is to cultivate future-ready students and leaders to serve our evolving community and world through an innovative, literacy-focused school system. Our school implements the 7 Habits of Leadership to assist them in becoming effective learners and citizens. By ensuring our students receive a premier education we are cultivating individuals that will have the characteristics of the Profile of a SC Graduate.

Parent and community involvement is the heart of Gloverville Elementary. Gloverville Elementary strives to have an active and highly-involved School Improvement Council and Parent Teacher Organization. Additionally, various civic organizations and volunteer groups lend their time and talents to support our students' success. We are the only elementary school to receive High School mentors from Midland Valley High School. Also, we support future professionals by welcoming a learning environment for USC Aiken's Education Majors.
