

Midland Valley High

EARLY COLLEGE

Program Description

The Aiken Early College program at Midland Valley High School offers a unique educational experience for students. The program offers students the opportunity to acquire college credits while in high school by completing Aiken Technical College courses. Through the Aiken Early College program, students will be able to earn their high school diploma while concurrently completing

credits toward an Associate in Arts or Associate in Science degree. The Aiken Early College program is predicated on collaboration between Midland Valley High School and Aiken Technical College in an effort to increase educational attainment in Aiken County.

Program Goals

The Goal of this program is to provide qualified students with access to college-level curriculum prior to exiting high school. Participants will be able to earn an Associate in Arts or Associate in Science by the

time they graduate from Midland Valley High School. This program also serves as a pathway for allowing students access to a higher level of education at an accessible cost.
