

### **IMPORTANT INFORMATION FROM THE NURSE**

- Medication Permission Forms are available online at [acpsd.net](http://acpsd.net) or for pick-up from the front office or Nurse during the week of August 24-28. If picking up from the school, please call ahead and we will have the form ready to bring out to you. Once school starts, forms can be sent home with student or picked-up by appointment.
- In order to follow social distancing guidelines and to reduce the amount of people in the building, medication drop-off will be done by **APPOINTMENT ONLY**. Please call the school to set up an appointment with the nurse to drop off any medications.
- Medications **MUST** be dropped off by a parent or guardian. Medications cannot be sent to school with student.
- Medications will **NOT** be accepted without completed Medication Permission Form. All prescription medications require a Health Care Provider's signature. Please make plans to have this done before bringing medications to school. Medications must be brought in original prescription bottle.
