## Halloween Safety Tips:

- 1 Take a digital photo of your kids. While it's great for the scrapbook, it's important to have a recent and detailed description in the event of an emergency.
- 2 Make sure your child's costume is safe. Is the fabric fire retardant? Does their mask have proper eye, nose and mouth openings? Can they walk easily in it?
- 3 Use a buddy system. If you are headed out with a group, make sure there is a buddy system in place. It's easy for a child to get left behind or mixed in with other groups.
- 4 Know who your kids are trick or treating with. Exchange phone numbers with your child's friends and their parents. In the event of an emergency, you can notify them.
- 5 Sign up for Smart911 at [www.smart911.com](http://www.smart911.com) to give valuable information about yourself, family members, bedroom locations, utility shut off information, and pet information that will automatically display on the 9-1-1 call taker's screen when you dial 9-1-1.
