Policy JJIC Disqualification or Exclusion of Students from Participation in Athletic Teams or Extracurricular Organizations Due to Misconduct

Issued 4/02

Purpose: To establish the basic structure for disqualification or exclusion of students from participation in athletic teams or extracurricular organizations due to misconduct.

The Aiken County Board of Education finds that participation on athletic teams within the public schools and on other extracurricular or cocurricular activities (those not involving academic credit) is a student privilege and not an educational entitlement or right. Such opportunities provide a variety of developmental and leadership experiences for students and should be encouraged. Participation frequently brings recognition, both to the individual student as well as to the school or team.

Student misconduct, whether or not occurring on school premises or at school-related events, can bring dishonor to a school or team merely by the association of the student so charged with the school or team itself. Such misconduct is considered unacceptable and may result in disciplinary action ranging from short-term disqualification to total exclusion from participation in the activity.

The administration will establish appropriate procedures for notification to the student participant and for prompt administrative determination of the student's culpability for the misconduct so charged and the justification for any disqualification or exclusion. Such procedure will include a right of review at least to the level of area assistant superintendent.

Adopted 9/22/98; Revised 4/23/02

AR JJIC-R Disqualification or Exclusion of Students from Participation in Athletic Teams or Extracurricular Organizations Due to Misconduct

Issued 4/02

Conduct not occurring on school premises or at school related events, but which can bring dishonor to a team (or extracurricular organization) merely by the association of the team member (or participant) so charged with the team (organization) itself, is considered unacceptable and will not be tolerated. Such unacceptable conduct includes, but is not limited to, crimes against the person, theft, vandalism, gross disrespect or immorality, and other serious or notorious violations of law or misconduct.

Accordingly, persons committing such conduct or charged with such criminal offenses will be subject to the following procedure.

A student athlete (or extracurricular organization participant) committing conduct that would be an expellable offense under the code of student conduct (if committed at school or at school events) or a student athlete (or student organization participant) charged with any serious or notorious misconduct or violation of law will be subject to temporary suspension from the athletic team/endeavor (or organization) participation, pending a prompt administrative review and determination of culpability. Normally such review and determination will be made within three school days of the misconduct being brought to the administration's attention. An appropriate additional suspension or penalty relating to participation will be made by a committee consisting of the coach, athletic director and principal (with regard to athletic endeavors) or of the organization sponsor and the principal (with regard to other extracurricular organizations). Penalties and suspensions may range from a minimum of denial of participation in one game/event to dismissal from the team or organization. The committee's determination will be appealable to the area assistant superintendent whose decision will be final.

A student athlete or organization participant who is convicted of any serious or notorious violation of law will be dismissed from the athletic team or organization on which he/she is currently participating and will be ineligible for any other athletic team, event or extra-curricular organization for the remainder of such school year during which the conviction occurs. Further, such student must apply for eligibility the following year. The request will be reviewed and acted upon by the committee as set forth above, and will be appealable to the area assistant superintendent whose decision will be final.

District administration will provide legal assistance to the various schools in implementing the policy and this administrative rule in order to provide for consistency in its application throughout the areas.

Pre-participation Physical Evaluation

An annual physical evaluation is required for all student athletes prior to participating in any and all school sanctioned athletic practices or events. This requirement is mandated by the South Carolina High School League. The following three (3) forms must be completed in full:

- Physical Examination Form
- History Form
- Parent's Permission & Acknowledgement of Risk for Son or Daughter to Participate in Athletics

All three (3) completed and signed forms should be submitted to the student athlete's coach, athletic trainer, or athletic director. It is recommended that the student athlete's physician keep a copy of the History Form for the student's medical chart.

These documents will be treated as private and personal health information and access to this information will be restricted based on demonstrated need. These records will be maintained by the athletic director in a secure environment. The student athlete's coaches, athletic trainers, and athletic director may access these records. In addition, similar staff at off-site athletic event locations may access these records as necessary.

Please direct any questions regarding this requirement to your school's Athletic Director.
