

# A Few Tips...

## for a great Senior Portrait Session!

### Location Sessions are Fun!

\*Schedule location sessions in the morning or late afternoon.  
The natural light is best and the Summer heat is not as bad.

\*We have a portable changing booth for your convenience,  
but please limit outfit changes to one or two changes.

\*Choose a location you like that matches your style and  
has a personal connection to you. Bring outfits that look  
natural for your location.

### Studio Sessions Are Cool!

\*Bring outfits with variety that show your personal  
style and interests.

\*Hands and shoes may show in some images so  
bring complete outfits.

\*Please have your hair and makeup done by your personal  
stylist. Your photos should show you at your best.

\*Bring personal props. Sports equipment, musical instruments or  
other items you would like in your portraits. Anything that shows  
who you are at this important time in your life.
