SAGGING

Jamiya Rowe

Sagging is very inappropriate and it makes young men look as if they have no home training. They do not think about the older generation that doesn't want to see half their butt hanging out. It's so bad that some have pants, shorts, & underwear on but still sag so low they have to pull them up with one hand. I asked a couple guys at Wagener-Salley High what they thought about it. I got responses such as "it's cool", "the girls like it", and one that actually made a little sense, Jamari Stroman stated that "their pants may be to big". Well yes, that may be true but I say buy a belt or get the correct size. The world is tired of seeing young men's underwear!

MEN'S HAT ETIQUETTE GUIDELINES:

A gentleman should remove his hat as he enters a building, including a restaurant, home, classroom, theater, or church. This rule includes baseball caps and casual hats. Hats are to be removed when inside, except for places that are akin to public streets, e.g., lobbies, corridors, and elevators in public buildings. In public buildings, the elevator is considered a public area, and therefore an area where a gentleman may leave his hat on. A gentleman should take off his hat and hold it in his hand when a lady enters an elevator in any building which can be classified as a dwelling. He may put his hat back on in the corridor. A public corridor is a thoroughfare of sorts, much like the street, but elevators in smaller buildings such as hotels or apartment homes tend to have the character of a room in a house.

Men are also expected to remove their hats during the playing of the National Anthem. A woman may leave her hat on during the playing of The National Anthem when indoors, unless it is considered unisex like a baseball cap.

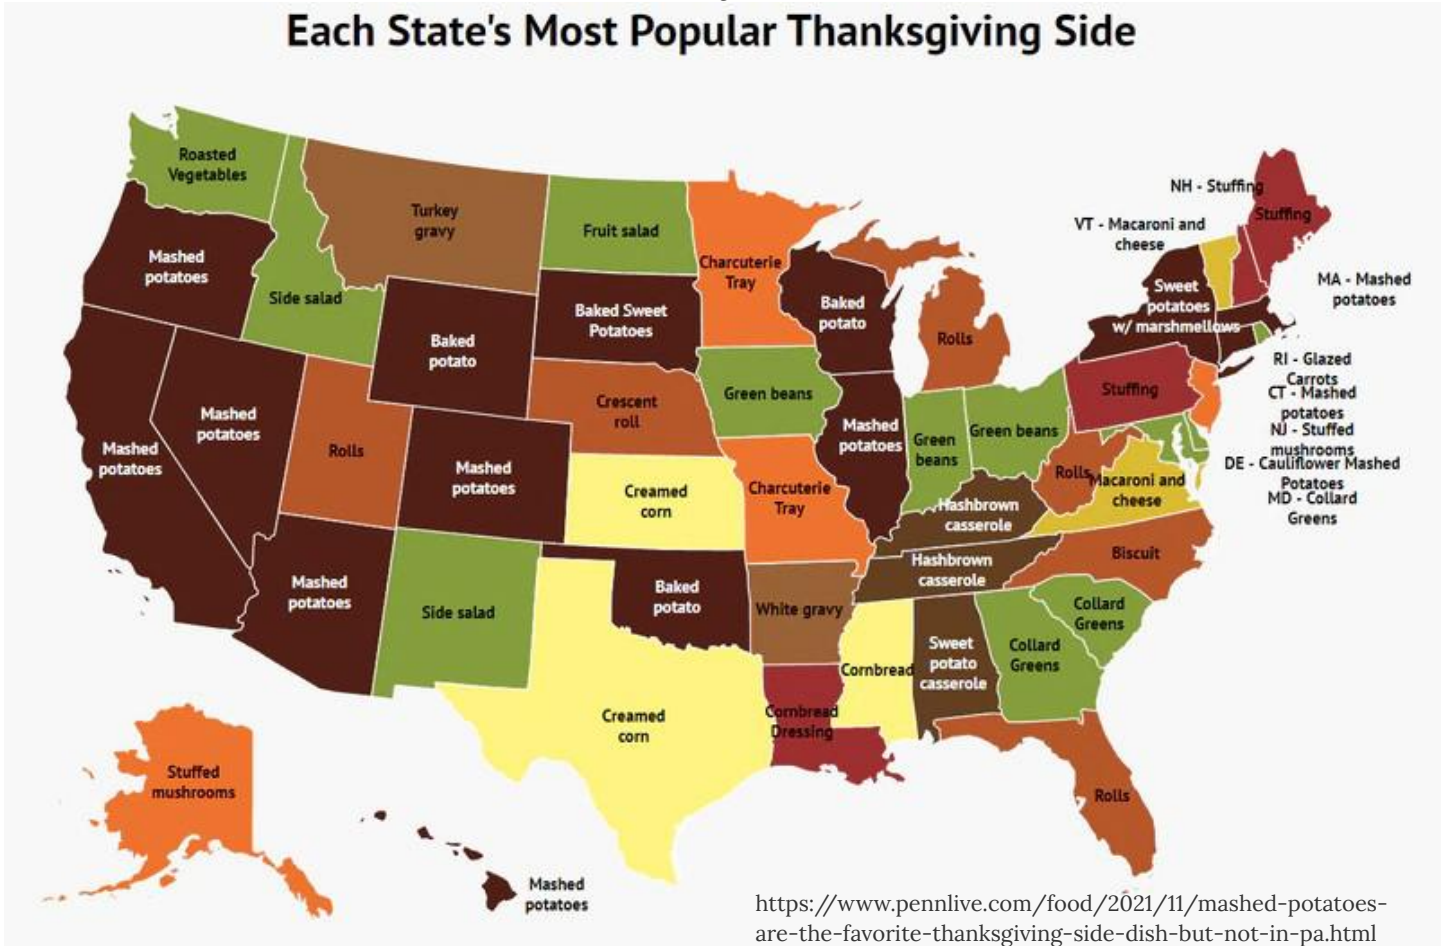

When wearing such a unisex cap, a woman should follow the same guidelines as for men.

Men's hats are to be removed for the passing of the Flag and funeral processions, outdoor weddings, dedications and photographs.

Removed hats are held in hand in such a way that only the outside and never the lining is visible.

For men, hats are tipped, (or doffed) slightly lifting the hat off your forehead, when meeting a lady (remove your hat if you stop to talk), or to "say" to anyone, male or female-- thank you, hello, goodbye, you're welcome or how do you do. Tipping of the hat is a conventional gesture of politeness. This hat tipping custom has the same origin as military saluting, which came from the raising of medieval Knights face visors to show friendliness.

Each State's Most Popular Thanksgiving Side

<https://www.pennlive.com/food/2021/11/mashed-potatoes-are-the-favorite-thanksgiving-side-dish-but-not-in-pa.html>

The First Thanksgiving

Paige Strang

Turkey, fruits/Vegetables, fish/shellfish, potatoes, and pumpkins are the main items that were brought to the first Thanksgiving meal. These foods each have their own significance at the table. William Bradford (the colony's governor) recorded that there were a vast number of wild turkeys during the fall harvest of the first Thanksgiving. Therefore, that became the symbol of Thanksgiving. This holiday marked the Pilgrim's first Autumn harvest, so obviously they are going to celebrate with the foods they worked hard to produce. The colonists occasionally ate mussels with curds, a dairy product with a similar consistency to cottage cheese. Lobster, bass, clams, and oysters also can be part of the feast. Potatoes were a root that the Spanish introduced to the English. They could be mashed, roasted, white, or sweet. The English used this as an opportunity to show what Thanksgiving was all about, which was giving thanks and being thankful. They also improvised by hollowing out pumpkins by filling the shells with milk, honey, and spices to make custard. They would roast the gourds whole in hot ashes to make the crust because they were not really bakers like nowadays. From time to time, people would be creative with their dishes and what they made for their own Thanksgiving feast, but the original recipe is still integrated into the meal. It is all dependent on where they are and what they eat.

What's Your Favorite Side Dish?

Mashed Potatoes are the favorite Thanksgiving side dish in the United States. The article also indicates that collard greens are the most preferred side dish in South Carolina. Per the Wagener-Salley poll, we disagree:

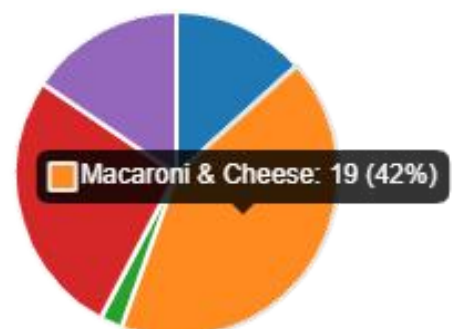

Macaroni and Cheese: 19

Dressing or Stuffing: 12

Collard Greens: 1

Mashed Potatoes: 6

Sweet Potato Casserole/Pie: 7

Each year our school district selects 3 students to represent Aiken County in the US Presidential Scholars Program. It is a program that was established by President Lyndon Johnson in 1964. Since that time, the program has honored more than 8,000 high school seniors on the basis of outstanding scholarship. Congratulations to Wagener-Salley High senior Lance Brown for being selected as one of 3 district nominees to move on to the state level. Great job Lance!

Fall Back, Spring Forward

Tessa Shackleford

On Sunday, November 7th, we gain an extra hour of sleep or at least that is how I see it. Others may say that they are losing an hour of daylight. As the 7th approaches, the mornings are dark when we come to school, but it stays daytime longer in the evenings. This does allow more time for taking care of those outside responsibilities like watering plants, feeding livestock, exercising, and just enjoying the outdoors. When time changes, it will be daylight in the mornings, but the afternoon daylight hours will be shortened. There has been much debate over the past couple of years about ending daylight savings time. It just seems like one more tradition that will be erased. Does it really matter? It would make life consistent by not changing. What do you think? Would you like it to end or continue? Check your email for an upcoming poll- results will be published in the December Wagglers.

Be Pro Be Proud- The Workforce Workshop Promoting Career Readiness

Veterans Day American Flag Placement

by Colleen Moore

Why are American flags placed on veteran's graves? The placement of the American flag is to show our respect for them and what they sacrificed for our country. Soldiers protect our rights as citizens guaranteeing our freedom. The flag placement is the least we can do to appreciate these great men and women. We place the flags on multiple occasions throughout the year during times like Veterans day, Memorial Day, Armed Forces Day, and Pearl Harbor Remembrance Day.

On November 8, 2021, the Wagener-Salley JROTC placed American flags at the grave stones of Veterans. We were accompanied by the Perry Veterans of Foreign Wars (VFW). During this time, the fifteen cadets that participated in the activity were able to pay their respect to those who sacrificed and put their lives on hold to support and defend the United States of America.
