La novela. Proyecto de video

Task: Student(s) will come up with a telenovela story. Telenovelas are an important part of the Hispanic culture where grandmothers get together with their children and whole family to watch at night. Student(s) need to be creative and content must be school appropriate. But most importantly students are to have fun at all times. This is a project that will grade your speaking abilities and ways to use the language in context and communicatively.

Type of assessment: Summative

Teaming: Individually, four or five students per groups max. Students can be teamed up from a different section as long as this student's teacher is Señora Eichler.

Time: Video must be minimum 10 mins long. This time doesn't include commercials or bloopers (if you decide to add these). If done individually, it must be 5 mins long minimum.

Extra credit opportunity: Students can provide caption in Spanish or English to their video for 10 points extra. These points are added to the final grade of 100 points.

¡Importante!:

1. Video must be edited. The final product is a whole video with transitions included, not separate clips.
2. Video must be turned in by the due date: November 21st, 2019 by 2 pm to me in person in a flash drive for me to copy, by email or posted in you tube. Proof of email must be provided in case of a glitch. If you decide to post it in you tube, you must email me the link.
3. Everyone in the group must have a character and perform it in the telenovela.
4. Group must turn in a typed script with their telenovela video.
